

# Orphan - An Heir in Disguise

## Grubber's Market

Afternoon

You slip into Grubber's Market hoping to have escaped the Magistrate. Your daily mischief has become much more difficult of late and you're beginning to think there's something going on...

## Grubber's Market

The smell of fresh fish and live chickens pervades the market where the poorer folk of the town gather to hawk their merchandise. Occasionally, soldiers will press through the crowd on their way to the Lord's Keep. The Lord's Market is east of here while the estate and keep are beyond the farmlands to the north.
